Summary

Skills | Summary

Self taught Full Stack Developer 4+ years experience working with JavaScript, React, Gatsby, NodeJS, MongoDB, Firestore, Shopify ECommerce, Jamstack, Strapi, Version Control, Software Development Life Cycle methods, and more. I've built various applications on a small team focused on feature development, user experiences, and I work with custom API creation and third party API integration. I am a dedicated problem solver and life long learner. I possess a CSM/PSM certificate from Scrum.org on agile development practices and I am pursuing certification as a CSD/PSD. I am currently learning Java and Next.js. I shifted from an established career in finance to pursue my passion for programming.

Experience

Software Engineer
Lineage Logistics
May 2020 - Present (1 year 7 months +)
I am asked to evaluate third party software solutions for possible integration into existing stacks, frameworks, and environment
I work on a small development team that integrates with functional IT personnel to provide easy to use software solutions to the less technical working groups within the company
I work with complex logistical databases centered around inventory materials and product orders

Vistex Engineer and Web Developer
Maines Paper and Food Service, Inc.
Nov 2014 - May 2020 (5 years 7 months)
Built income tracking programs within the Vistex bolt-on component of SAP - responsible for billing and tracking over 15 million in ARR
Developed the company's first Truck Tracking program using a complex Verizon API and JavaScript web interface to track, and notify, stakeholders on delivery/late delivery metrics
Conceptualized and built a JavaScript/JSON web interface/database for Product Line Managers to enter contract details to be tracked via the SAP Vistex Module

Broker
HSBC
Aug 2004 - Nov 2014 (10 years 4 months)
Managed client wealth portfolios and helped to diversify wealth
holdings and vehicles
Built customized portfolio analytics programs to gain better
insight around client mismatches of tolerance vs instrument

Sep 1995 - Jul 1999 (3 years 11 months)

Education

Whitney Point High School
Diploma, Liberal Arts and Sciences, General Studies and Humanities
1994 - 1999
Regents Diploma
